Parks and Recreation: A Lifetime of Discovery

This July, explore everything your local parks and recreation has to offer! Playgrounds, rec centers, sports leagues, summer camps—these are just a few of the things that come to mind when we think of parks and rec. But, parks and recreation is so much more than that. During **Park and Recreation Month**, NRPA challenges you to explore the “undiscovered” roles of local parks and recreation, like science, technology, engineering and math (STEM) programming; senior programs; innovative health and wellness opportunities; community celebrations; outdoor education; flood mitigation; maintenance; and more! Redefine how you think about your local parks and rec, and **uncover a lifetime of discovery!**
