

Hello to all,

Due to the lack of interest and sign up we will be cancelling the May 8-9-10 Boys basketball camp at Harrisburg High School. In reflection of the very low numbers and interest it is obvious that we will need to change with the times and offer something better and at a more convenient time. It has been brought to my attention that the spring and summer months have a high number of opportunities for activities for our kids to get involved in. We are at this time looking to move this camp concept to the fall and use it as a pre-season camp. We feel this opportunity will fit more of a need than what the summer camp offers.

We sincerely apologize for the cancellation and hope you consider signing up this fall when we offer it.
