

Health Quest

by SANFORD®

Bring the family to explore Health Quest by Sanford, located on the 4th floor of the Kirby Science Discovery Center. The new floor offers fun, interactive exhibitions themed in health and wellness.

- A large-scale body exhibit complete with bones, organs and more encourages children to explore and understand the inner workings of the human body.
- Step into a nearly life-sized ambulance and learn about the equipment and practices used by first responders and medical professionals every day to save lives.
- Little ones will enjoy the dedicated infant and toddler space, designed for the youngest learners to play with exhibits just for them.
- And much more!
