

Please remember to get your child's medication or other supplies from the health office before summer break. Items may be picked up by a designated adult any time from now until **May 23rd, 2018**.

If you are unable to get the items before the last day of school, you have until **May 31st** to make arrangements with Beverly Winterboer at *743-2567 ext 3018* to get those items.

We will properly dispose of all medications not picked up within this time frame. Remember that medication and authorization paperwork cannot be carried over into the upcoming school year.

Please contact Nurse Roo with any questions.
Thank you!
