

There is a new summer reading program in town!

Have your child's reading skills plateaued?
Does your child need a review of basic reading and spelling rules?
Are fluency and comprehension areas that could use a boost?

“Pathways to Reading” at

can help!

Our explicit reading program plans are customized for your child and
Our results have a 100% success rate.

Customized Lessons Close the Gap

Our summer programming is ideal for students moving into 2nd grade and higher. Our explicit, multisensory Lindamood-Bell Programming has proven results for developing those skills in phonemic awareness, phonics, fluency and comprehension that are foundational for creating strong readers.

Expertly monitored Programming

The key to reading improvement is systematic explicit instruction with sufficient repetition to achieve mastery. Our methods do this. For optimal improvement, students should be tutored for a minimum of three hours per week.

Highly Trained Professionals

The tutors working one-on-one with your child have completed rigorous training under highly experienced professionals in the Lindamood-Bell Programs. Regular professional support for tutors and customized lesson planning will close the gap for your child.

Convenient Days and hours

A variety of daytime and evening sessions are available. Together, we create a schedule that works for you and your family. Just three hours a week will change your child's upcoming school year with a boost in confidence, solid word attack skills and encourage a shift that fosters a love for reading.

This could change everything!

Improving Literacy, Changing Lives
